

wästberg / w081 claesson koivisto rune

Product Information

A task lamp is a highly technical object. Rotation mechanism, arm reach, counter balance, degree of efficiency, safety... It must all be there. How to use it must be self-explanatory to anyone. Hiding all the mechanics and electronics left a no-nonsense design. This lamp almost designed itself. Arm, elbow, head. And light.

Design: Claesson Koivisto Rune

Material	The base and shade are made of die-cast aluminium, while the arm is made from extruded aluminium. The lamps are equipped with injection-moulded plastic joints, reinforced with metal washers.
Integrated LED	The powerful light output is created with 30 highly energy-efficient, high quality, warm, white LEDs. A glare-protection diffuser minimises direct glare.
Dimmable	w081 claesson koivisto rune features an integrated programmable dimmer switch operated by a button.
Rotation mechanism	On the w081 claesson koivisto rune table lamps, there is an integrated rotation mechanism in the base, allowing the lamp to rotate 360°.
Smooth movement	The spring-balanced arm with integrated cable and spring allows smooth movement over a large surface.
Handle	The rotation mechanism, the spring-balanced arm and the adjustable shade are smoothly operated by the handle.
Timer function	A built-in timer automatically turns the lamp off after five hours.
Multiple mounting options	w081 claesson koivisto rune table lamp is available with a clamp or a base.

Wästberg is a Swedish lighting company aimed at bringing back light to human proximity, by restoring the private spheres man has been deprived of during decades of misguided pursuit of efficiency and standardisation. The universally acclaimed lamps are created in close collaboration with some of the world's most renowned architects, designers and lighting experts, and have earned prestigious awards for their combination of aesthetics, cutting-edge technology and resource conservation.
